MEMORANDUM FOR THE RECORD

FROM: Robert D. Vickers, Jr.
National Intelligence Officer for Latin America

SUBJECT: Conversation with SSCI Staffer

1. On 10 October 1985, I was called on the Secure telephone by Anne Greene, the SSCI staffer responsible for Latin America. Ms. Greene thanked me for the memorandum I had sent her in response to her written questions. She said that the paper was due tomorrow and asked me if I could answer some final questions over the telephone. I consented to do so.

2. Her questions concerned the level of representation at the coordination meetings, i.e., how high level were the representatives sent by each NFIB agency? Why would some agency have more than others? Was there a sufficient divergence of views to make for a real exchange? Given that there were no dissents, how difficult was the coordination process, etc.? I answered all these questions for her without any difficulty.

3. At the end of our conversation, she thanked me profusely for providing her this information over the telephone and expressed hope that she would have the opportunity to meet with me personally the next time I was on the Hill. I told her I would inform OLL so that I could brief the SSCI at some convenient opportunity and have the chance to meet her.
